

Ash Creek Forest Management, LLC is seeking a FORESTRY/RESTORATION CREW MEMBERS with skills and experience to assist Ash Creek Forest Management, LLC with plant installation, maintenance, management and monitoring of ecological restoration projects in the greater Portland Metro area.

Title: FORESTRY/RESTORATION CREW MEMBER
Status: Full time dependant upon completion of a 3 month probationary period
Salary: \$12-\$15/hour, depending on experience
Location: Tigard, Oregon and multiple locations in the greater metro area
Transportation: Provide own transportation to work site, Tigard office or other planned locations

Job Description:

- Control noxious weeds through careful, precise application of herbicides using backpack sprayers
- Load, organize, maintain and deliver plants, equipment and tools to project sites
- Maintain native tree and shrub plantings using hand-tools and power tools
- Prepare and install native plant pole cuttings
- Operate company tractors, ATVs and trucks
- Monitor conditions at selected project sites
- Install container plants, plugs and bulbs
- Other general labor duties as requested
- Hand-water planted trees and shrubs
- Prepare collected seeds for sowing
- Plant bare-root trees and shrubs
- Collect native plant seed

Experience/Qualifications (Required):

- Ability, motivation and endurance for eight to ten hours of productive manual labor
- Ability to work outdoors across uneven terrain during inclement weather
- Experience using hand and power tools (Chainsaw, shovel, hoedad, etc.)
- Ability to safely lift 60 lbs.
- Valid drivers license

Experience/Qualifications (Desired):

- Chemical Applicator's License (OR) and skill with herbicide application methods
- Ability to navigate the urban and rural Portland metro area
- Knowledge of Oregon native plants and habitats
- Math skills and organizational ability
- Spanish/English language skills
- First AID/CPR certification
- Horticultural skills
